

# The Philantpreneur™ FOUNDATION

BUILDING CAPACITY THROUGH EDUCATION, AWARENESS AND RESOURCES

## EDUCATION IS OUR #1 GOAL!

Over the years *The Philantpreneur Foundation* has provided training to both the nonprofit and business sectors. One of our greatest challenges has been access to facilities to conduct this valuable training. Commercial rental space is expensive, and donated spaces often aren't conducive to positive learning and we are at the mercy of the donor's schedules and limitations. The best solution was to find our own training space which allows us to expand course offerings and services. It also presented an opportunity for local businesses. **Be a TPF Training Center Sponsor!**
